BMW is partner of Gallery Weekend Berlin 2024.

New videos expand jointly initiated "Studio Visit" series.

Munich/Berlin. From April 26 - 28, Gallery Weekend Berlin presents its 20th edition - spread across 69 locations with works by more than 100 international artists. The 55 participating galleries will showcase the diversity and quality of Berlin's gallery landscape with top-class exhibitions by both young and established artists. The BMW Group Cultural Engagement has been supporting Gallery Weekend Berlin as main partner since 2013. Together with Gallery Weekend Berlin, BMW is continuing the "Studio Visit" video series this year, meeting Berlin-based artists in their studios.

As part of the jointly initiated series, artists working in Berlin open the doors to their studios. This year, [Julius von Bismark](#) and [Trisha Baga](#) provide insights into their everyday artistic lives and add to the portfolio of the continuously growing series. Aziz Hazara, Anne Duk Hee Jordan, Sophie Reinhold, Josefine Reisch and Farkhondeh Shahroudi, who are also represented by participating galleries of Gallery Weekend, have already been hosts of "Studio Visit". The video series can be followed on gallery-weekend-berlin.de and the [BMW Group Culture YouTube channel](#).

Antonia Ruder, Director Gallery Weekend Berlin, says: "We are delighted to be celebrating the 20th anniversary of Gallery Weekend Berlin with BMW as our long-standing partner. What began as a private initiative by a small group of Berlin gallery owners in 2005 is now a unique network of 55 galleries that invites visitors to a joint tour every spring. Guests travelling from all over the world can be sure that they will continue to see exciting, diverse and first-class exhibitions by established and emerging artists."

Gallery Weekend Berlin allows visitors the opportunity to get to know new names or deepen existing passions. The exhibitions curated for Gallery Weekend by the participating galleries will open on Friday, April 26, from 6 to 9 pm in each gallery. All Berlin and international guests are also invited to visit

In addition to the Gallery Weekend, the BMW Group's long-term commitment to the capital also includes the Preis der Nationalgalerie. The associated exhibition opens on June 7, 2024 at Hamburger Bahnhof - Nationalgalerie der Gegenwart. In addition to its extensive commitment to the visual arts, BMW cooperates with the Staatsoper Unter den Linden and invites to the traditional open-air format Staatsoper für alle on July 12, 2024 at Bebelplatz.

Why Culture? Why not! Culture is knowledge, a sanctuary of beauty and depth, of meaning and peace. An inspiring escape. Tranquil at best, even unsettling sometimes. As corporate citizen, the BMW Group takes social responsibility seriously, as part of which it has been involved in hundreds of cultural initiatives worldwide for over half a century, both in the arts, music & sound, architecture as well as in design. As a long-term partner, creative freedom is key – and as essential for groundbreaking works as it is for major innovations within a business enterprise like ours.

The BMW Group

With its four brands BMW, MINI, Rolls-Royce and BMW Motorrad, the BMW Group is the world's leading premium manufacturer of automobiles and motorcycles and also provides premium financial and mobility services. The BMW Group production network comprises over 30 production sites worldwide; the company has a global sales network in more than 140 countries.

In 2023, the BMW Group sold over 2.55 million passenger vehicles and more than 209,000 motorcycles worldwide. The profit before tax in the financial year 2023 was € 17.1 billion on revenues amounting to € 155.5 billion. As of 31 December 2023, the BMW Group had a workforce of 154,950 employees.

The success of the BMW Group has always been based on long-term thinking and responsible action. The company set the course for the future at an early stage and consistently makes sustainability and efficient resource management central to its strategic direction, from the supply chain through production to the end of the use phase of all products.
