*The published fuel consumption and CO₂ emission figures are established according to legislated technical specifications (UNECE Regulation 101/UN Regulation 83 and SANS 20101 standards), which sets out the procedures that are used to measure the CO₂ emissions and fuel consumption. The claimed figures are established using specific tests under standardised, carefully controlled conditions and may differ from consumption achieved under real world conditions with the influences of altitude, road surface, geographic conditions, vehicle options, temperature, humidity, tyre size and driving behaviour amongst others. EU Unladen mass refers to a vehicle with standard equipment, with 90% fuel tank fill, including a driver (68 kg) and luggage (7 kg). Optional extras and accessories will generally increase this figure and as a result affect some of the technical figures, in specific fuel consumption and CO₂ emissions. Please contact your preferred authorised BMW dealer or BMW South Africa (Pty) Ltd. for information on vehicles that are available for sale, and the various specifications and options of vehicles that are available.

*The published fuel consumption and CO₂ emission figures are established according to legislated technical specifications (UNECE Regulation 101/UN Regulation 83 and SANS 20101 standards), which sets out the procedures that are used to measure the CO₂ emissions and fuel consumption. The claimed figures are established using specific tests under standardised, carefully controlled conditions and may differ from consumption achieved under real world conditions with the influences of altitude, road surface, geographic conditions, vehicle options, temperature, humidity, tyre size and driving behaviour amongst others. EU Unladen mass refers to a vehicle with standard equipment, with 90% fuel tank fill, including a driver (68 kg) and luggage (7 kg). Optional extras and accessories will generally increase this figure and as a result affect some of the technical figures, in specific fuel consumption and CO₂ emissions. Please contact your preferred authorised BMW dealer or BMW South Africa (Pty) Ltd. for information on vehicles that are available for sale, and the various specifications and options of vehicles that are available.

BMW BENEFITS.

BMW Service Concept: always up to date. When you buy a BMW you can look forward to superb service and comprehensive customer care with over 3 300 BMW Service Dealerships in more than 150 countries ready to assist you at any time. Thanks to the vehicle's integrated on-board diagnostics system you will always know exactly when the next service is due and what work will be required. **Condition-Based Service** measures the condition of key parts subject to wear tracks fluid levels and monitors your BMW's time- and mileage dependent service requirements. Then simply get in touch with your BMW Dealership who will provide expert care for you and your car. Staffed by highly trained personnel your BMW Dealership is also equipped with the latest computer-aided information and diagnostic tools. Important data such as your chassis number mileage and current service requirements are also stored on your car key ensuring a quick assessment of your car's status. Meaning that staff have more time to assist you. And naturally your BMW Service Dealership will have **Original BMW Parts** available for any work to be done. In short - quality and safety are at the heart of BMW Service.

BMW Motorplan. All new BMWs sold in South Africa include a 5 year/100 000 km Motorplan maintenance contract. This covers all service maintenance and repairs resulting from normal wear and tear excluding tyres and fuel. As with any maintenance agreement there are certain exceptions which are clearly specified in the Motorplan agreement. Repairs resulting from negligence or accident damage are not covered. For all BMW models the contract distance can be extended up to 200 000 km dependent on individual needs.

BMW On Call. In the event of a breakdown BMW On Call is available 24 hours a day 365 days a year at 0800 600 777. Specifically trained BMW technicians will do everything necessary to get your BMW back on the road with telephone or on-site assistance as required. Car rental and/or towing of your car can be arranged if necessary.

BMW Accident Management. BMW Accident Management provides a managed response to an accidental vehicle immobilisation. The service includes using the BMW Approved Repair Centre network and overall coordination by the BMW Customer Service Centre who will select and approve the best service suppliers in the industry. Call 0800 600 555 for more information.

Original BMW Accessories and BMW Lifestyle Accessories.
