BMW M. 

THE BMW X5 M AND BMW X6 M.

JOY DOES NOT LIKE TO BE CONFINED.

With the BMW X5 M and BMW X6 M, you can experience M fascination for the first time in four-wheel-drive BMW X models. Innovative technologies including a newly developed high-efficiency M TwinPower Turbo engine with 555hp, a fast-shifting M Sport automatic transmission and M-specific chassis and drive control systems such as Adaptive Drive and xDrive with Dynamic Performance Control deliver an unprecedented driving experience.

M VALUES SET STANDARDS BEYOND COMPARE.

It's one of the most coveted car badges of all: the M logo. Every vehicle that carries it represents a pure expression of our values: seemingly never-ending acceleration across the entire rev range, thrilling agility and peerless tracking stability through every bend. These typical M attributes have now conquered a further segment with each component of the BMW X5 M and the BMW X6 M relevant to driving dynamics – such as xDrive four-wheel-drive or Dynamic Performance Control – has been specifically M-tuned. The result: M now sets the benchmark in this class too.

THE M TWINPOWER TURBO ENGINE.

A world premiere sits under the bonnet of the BMW X5 M and BMW X6 M. For the first time, the M-typical linear power curve meets the formidable thrust of twin turbocharging – in BMW's most powerful production engine, the M TwinPower Turbo. This high-performance V8 engine delivers maximum torque of 680Nm and an output of 555hp (408kW) to power both vehicles from 0-62mph in only 4.7 seconds.

STANDARD EQUIPMENT HIGHLIGHTS.

X5 M

- 20" M light alloy wheels with run-flat tyres and locking wheel bolts
- Air conditioning, automatic with two-zone air conditioning
- Auxiliary input for auxiliary playing devices
- BMW Professional radio with single CD player
- Child seat ISOFIX attachments, rear
