THE BMW X6.

UNIQUELY DIFFERENT.

This vehicle is like none other. It unites apparent opposites, such as size with agility and sportiness with elegance. It's a sport car that also feels at home away from the road. A Coupé and an SUV. Its design language reads like a guide to being strikingly different. That's why we have created a separate vehicle category for the BMW X6 – the Sports Activity Coupé. These three words encompass everything that makes the BMW X6 so special and it's apparent at first sight. This car is simply more dynamic, more versatile and more impressive – in short, it's unique.

BMW EFFICIENT DYNAMICS.

EfficientDynamics is BMW's award-winning programme of technologies designed to reduce CO₂ emissions and improve fuel economy, without compromising on performance or driving dynamics. These technologies are standard on every new BMW and could lower your fuel and tax costs, as well as ensure a lower benefit in kind tax rating for company car drivers. You can find out more about the benefits of BMW EfficientDynamics, as well as compare your own vehicle against any BMW X6 model at www.bmw.co.uk/EfficientDynamics.
