		840d xDrive (FY22)	M850i xDrive (FY42)	
Option Code				Retail price (incl. VAT at 20%)
	<p>○ =optionally available ● =standard equipment - =not available</p> <p>Tyre repair kit available and included with select alloy wheels where 258 Run-flat tyres are not included. Please refer to the alloy wheel section below. Tyre sealant bottle. Electronically operated 12V compressor (for connection to 12V socket).</p>			
2VH	<p>Integral Active Steering</p> <p>A variable-ratio four-wheel steering system that delivers significantly greater manoeuvrability at low and parking speeds with enhanced stability and passenger comfort at higher speeds. Speed-dependent adaptation of the steering angle of front and rear wheels combined with reduced effort applied to steering wheel for more agile handling that is more comfortable when parking.</p>	●	●	Std
2VW	<p>Adaptive M Suspension Professional</p> <p>Beyond the standard adaptive suspension, the Adaptive M Suspension Professional adds active roll stabilisation system. On bumpy roads the active roll stabilisation is able to uncouple the connection of one axle and ensures a high level of driving comfort. The active roll stabilisation also reduces the lateral inclination of the vehicle body and thereby increases the car's cornering ability significantly. With this option the vehicle is at its most agile.</p>	-	○	£1,895.00
33T	<p>M Technology package</p> <p>Front lip spoiler and cooling package with indirect charging air cooling (flow-optimised).</p>	-	-	Std
Safety and Technology				
5AV	<p>Active Guard</p> <p>Includes the manual Speed Limit Device (SLD) features including Speed Limit Info with no passing info and preview (only with nav), the Lane Departure Warning with steering impulse, and the Front Collision Warning with brake intervention.</p> <p>- Speed Limit Assist combines the Speed Limit Info with the Speed Limiter incl. no passing info and preview of speed limits. Thus, the allowed speed limit is transferred after manual confirmation in the Speed Limiter.</p> <p>- Lane departure warning with steering impulse, detects lane markings from about 70 km / h, warns via steering wheel vibration from accidentally leaving the lane and steers the vehicle back into the lane. Suppressed with set turn signal or tipp turn signal (wanted lane change). Display in the instrument cluster.</p> <p>- Front collision warning with brake intervention includes the approach control warning and person warning with city brake intervention. The system detects and reacts automatically with a braking intervention on vehicles (up to 85km/h) as well as cyclists and pedestrians (up to 65km / h). Above these limits, a warning and a preparation of the brake system to an intervention by the driver - for vehicles up to 250km/h or cyclists and pedestrians up to 85km/h. The automatic braking can reach a maximum delay of 9m / s² (full deceleration).</p> <p>Please note: The system volumes included in the optional equipment only support within defined system limits. Responsibility and reaction to the real traffic situation remain with the respective driver.</p>	●	●	Std
358	<p>Climate Comfort windscreen</p> <p>Infrared reflecting windscreen with burglary-deterrent acoustic film.</p>	●	●	Std
552	<p>BMW Icon Adaptive LED headlights</p> <p>Full 'white' LED headlights for both low and high beam, offering a greater resemblance to daylight. Includes automatic height adjustment, 'white' LED BMW Icon light design used for Daytime Driving Lights and LED front indicators. Featuring Adaptive Headlights, which improve visibility by following the steering angle of the front wheels, providing better illumination of the road ahead through corners. Adaptive Headlights not active when car is reversing or when car is stationary and steering turned to offside, to avoid dazzling oncoming traffic.</p> <p>BMW Selective Beam functionality is supported in combination with High-beam Assistant (option 5AC) to provide an intelligent anti-glare system that provides autonomous control of the left and right headlights and high-beam distribution to optimise illumination of the road ahead without glaring other road users. BMW Selective Beam can vary high and low beam simultaneously to direct the light distribution around other vehicles according to the traffic situation, ensuring unparalleled levels of illumination. For further information please refer to the Technology Hub on LaunchPad.</p>	●	●	Std
5AC	<p>High-beam Assistant</p> <p>Automatic switching on and off of the high-beam headlights depending on the traffic situation, controlled via a sensor on the front side of the interior mirror.</p>	●	●	Std
5AU	<p>Driving Assistant Professional</p> <p>Driving Assistant Professional offers optimum comfort and maximum safety during monotonous or complex driving situations. These can include traffic jams, stop-and-go traffic or long journeys through the city, on country roads or motorways, along with navigating junctions and lane changes.</p> <p>The Active cruise control with Stop&Go function incl. Approach control warning, Person warning and Cyclist warning with braking function maintains the desired speed up to a limit of 130 mph and the set distance to the vehicle in front. When desired, Speed Limit Assist automatically takes over the actual driving speed, which is determined by the Speed Limit Info including No-overtaking indicator with preview.</p> <p>The Steering and lane control assistant is also available up to 130 mph. This supports you with active steering interventions in safely steering the car within its lane. The Lane Keeping Assistant with active side collision protection helps to prevent collisions by prohibiting a lane change or unintentional straying into a different lane during heavy traffic or by preventing a threatening side collision with another road user with a steering intervention. When required, Approach control warning reacts with warnings of increasing intensity, light braking and, if necessary, full braking. The emergency stop assistant brings the vehicle to a standstill if the driver is suddenly unable to drive. After an accident occurs, the brakes are automatically applied until the car reaches a standstill. Depending on the traffic situation, the vehicle is guided up to the hard shoulder.</p>	○	○	Only with: Z0J
5AZ	<p>BMW Laserlight</p> <p>Functionality</p> <ul style="list-style-type: none"> - 3 lighting levels: LED low-beam headlights, LED high-beam headlights with laser module (above 37 mph) - LED position light, LED daytime driving light, LED direction indicator, LED cornering light - Adaptive headlights - Incl. BMW Selective Beam, the dazzle-free high-beam assistant from BMW <p>Technical content</p> <ul style="list-style-type: none"> - LED for high amount of light and wide illumination - Laser module for high-beam headlights doubles the light intensity compared to Bi-LED (more than 500m - light emitted from blue high-performance laser diodes is concentrated to white light with high intensity on a small phosphor plate) <p>Including specific design elements and exclusive designation 'BMW Laserlight'</p>	○	○	Only with: Z0C
5DM	<p>Parking Assistant</p> <p>Parking Assistant makes parking the vehicle easier. The Rear View camera provides a clearer view behind the car. The Parking Assistant parks the vehicle automatically, parallel to the street. Reversing Assistant helps the driver when reversing, e.g. in narrow alleys. Active PDC helps prevention or minimise damage while reversing into parking spaces with automative brake reaction to collision-critical obstacles towards the rear and sides (at speeds of up to 3 mph).</p>	●	●	Std
5DN	<p>Parking Assistant Plus</p> <p>Parking Assistant Plus makes parking and manoeuvring the vehicle easier. It features among others the Surround View system including Top View, Panorama View and Remote View 3D, as well as a lateral parking aid, the Parking Assistant with linear guidance and Reversing Assistant.</p> <p>Please note: the system scopes contained in the option code only provide assistance within defined system limits. It remains the responsibility of the respective driver to react to the actual traffic situation.</p>	○	○	Only with: Z0J
Seats				
453	<p>Seat ventilation, front</p> <p>Ventilation of seat base and seat backrest for both front seats.</p>	○	○	Only with: ZGK
494	<p>Seat heating, front</p> <p>Variable temperature for front two seats via three-stage switch.</p>	●	●	Std
4FM	<p>Multifunctional sport seats for driver and front passenger</p> <p>Includes:</p> <ul style="list-style-type: none"> - Electrical adjustment of backrest width - Manual seat depth adjustment - Leather, perforated 	●	●	Std
4GQ	<p>M seat belts</p> <p>Black seat belts with coloured M seam for all seats.</p>	○	○	£260.00
4HB	<p>Heat comfort package, front</p>	○	○	Only with:

Optional Equipment

BMW 8 Series Convertible

March 2019

		840d xDrive (FY22)	M850i xDrive (FY42)	Retail price (incl. VAT at 20%)
○ =optionally available ● =standard equipment - =not available				
Option Code				
	<ul style="list-style-type: none"> - Heated armrests in the front doors - Heated armrests in the front centre console - Steering wheel heating 			ZGK
4NH	Air Collar A variable (speed dependent) stream of heated air for warming the neck when driving with the convertible roof down at low outside temperatures. The level of heating is adjusted by a three-stage switch integrated into the switch for the convertible roof.	●	●	Std
Exterior Equipment				
316	Tailgate operation, powered The Automatic tailgate operation allows users to open and close the tailgate electrically – all that is required is the push of a button in the interior or on the car key. It can also be opened using the outside handle, and closed using a button on the inside of the tailgate.	●	●	Std
322	Comfort Access Access to the vehicle without removing key from pockets or bag. Sensors detect proximity of keys to the vehicle and allow doors to be unlocked by holding the door handle closest to the key. Locking by touching ribbed section of door handle when key is not inside the car. Including touch free opening and closing of the tailgate. Access can also be set up within BMW Operating System 7.0 to allow automatic locking and unlocking upon driver approach to the vehicle, with key on their person. An acoustic sound will identify when the vehicle unlocks upon approach and locks upon exit. Includes BMW Digital Key technology allowing locking and unlocking of the driver's door and starting of the engine via smartphone, removing the need for a conventional car key. Smartphone needs to be held within 5cm of door handle to lock and unlock, and placed in Wireless Charging smartphone tray to start and drive vehicle. The BMW Digital Key will initially be available for selected Android platform NFC-capable smartphones at launch. One "owner" digital key is provided from factory with a service duration of 1 year. In addition, additional BMW Digital Keys can be purchased via the ConnectedDrive Store and shared with up to five other people with applicable smartphones. Additional keys are purchased in packs of five and have a 1 year service duration from purchase. In addition, from November 2018 production a high quality NFC "Key Card" (credit card sized) is included to enable keyless access to the vehicle for users without a compatible Smartphone. Just like the Digital Key on the smartphone, the Key Card offers the functionalities locking/unlocking and starting the engine. All customers without a capable smartphone (e.g. Apple iPhone) will thereby get a substitute solution.	●	●	Std
323	Soft-close doors Motorised latches for both passenger doors allow silent and effortless closure. If a door is inadvertently left partly open it is automatically pulled to the fully closed position.	○	○	Only with: ZGK
346	Chrome Line Exterior Kidney frame and struts, struts in the air flap control, air breather inlay, window frame, mirror base, and the exhaust system in high-gloss chrome. Kidney frame and struts, struts in the air flap control, air breather inlay, window frame, mirror base, and the exhaust system in high-gloss chrome.	○	○	£0.00
40C	M Carbon roof As part of the intelligent lightweight construction concept, the M carbon-fibre roof significantly helps to reduce the vehicle's weight. It consists of carbon-fibre reinforced plastic (CFRP) and is 800 g lighter than the standard roof. That way, the centre of gravity of the vehicle is shifted downwards and the driving dynamics are increased.	-	-	£2,650.00
71C	M Carbon exterior package Equipment contents: - M Carbon air guidance element Air Curtain, front left and right - M Carbon blade, front centre (not with option code 5AU 'Driving Assistant Professional') - M Carbon mirror caps - M Carbon rear spoiler (G15 8 Series Coupé only. Replaces standard 754 M Sport rear spoiler) - Single-piece carbon finisher around the tailpipe finishers - Rear diffuser insert in specific geometry Please note when ordering 71C on model BC22 840d xDrive Coupé in SA3 you will need to untick option 754 M Sport rear spoiler BEFORE you select option 71C. This will mark option 754 as 100% N/Req and ensure your order does not OKA error. If you are ordering in IVS you will also need to 100% not require option 754 in screen VZFC using function F20.	○	○	£3,350.00
754	M rear spoiler M rear spoiler in the body colour of the car.	-	-	Std
760	Exterior trim, High-gloss Shadowline - Side window graphics, mirror base and mirror bezel in black high-gloss.	●	●	Std
7M9	BMW Individual high-gloss Shadow Line with extended contents BMW Individual high-gloss Shadow Line with extended features includes the kidney grille frame, the Air Breather inlays on the sides and the tailpipe trims in Black Chrome. The kidney grille slats are in high-gloss Black. Included in option 335	○	○	£450.00
Interior Equipment				
3DS	BMW Display key Range up to approx. 300m for display key functions and 30m for hard button functions. Key dimensions: approx. 90mm x 55mm x 15mm. Range of functions: - 2.2 inch LCD colour display (320 x 240 pixels) incl. touch control panel - Display option of vehicle status information (e.g. fuel gauge, fuel range, vehicle locking etc.) - Control of the temperature inside the vehicle - Wireless charging of the key Please note 1 BMW display key and 1 standard vehicle key are provided when this option is selected	●	●	Std
3YA	Soft-top, Anthracite Silver fleck Acoustic soft-top in Anthracite with silver fleck.	○	○	£350.00
420	Sun protection glass Darkened glass for rear screen and rear side windows. Reduces heat rise inside the passenger compartment when the car is in direct sunlight.	-	-	£420.00
4A2	Glass application 'CraftedClarity' Handmade glass elements on the following: - Gear selector switch with illuminated "8" - Volume control - iDrive controller - Start/stop button	○	○	£575.00
775	Headlining, Anthracite Not with option 776 or XD5	-	-	Std
776	BMW Individual headliner, Alcantara anthracite Not with option 775 & XD5	-	-	Only with: ZGK

6AK	<p>BMW ConnectedDrive Online Services</p> <p>Included Services are initially standard for three years subscription from production (unless stated) and can then be extended or renewed via a customer's ConnectedDrive portal and the ConnectedDrive store.</p> <p>BMW Vehicle Apps. Formerly known as BMW Online. Access to a WAP based online services to view a wide range of general and location-based information. Included Apps are News, Weather and Country Information. Online-based content like News can be read out loud to minimize distraction while driving and offer the maximum in safety and comfort. The weather app shows the weather forecast for the upcoming 4 days. Country information contains all the relevant information when entering a different country with your BMW, for example information on tolls.</p> <p>BMW Connected+. An update of the personalization function in the vehicle and display of smartphone content on the Control Display in the BMW. Including; Send my Routes to Car, Share Live Trip Status, Navigate Door-to-Door and seamless link of My Destinations between you Connected App and vehicle.</p> <p>USB and Over the Air map updates. Manual and Automatic updates of the navigation map data either via USB or over-the-air. A USB map update can be completed via the BMW ConnectedDrive portal to integrate the latest European wide map data, or as soon as a new navigation map version is available for the country that your vehicle is registered in, the update is transferred via the integrated SIM card directly into the vehicle's navigation system, completely over-the-air. During the update process, the navigation system remains fully functional. Always have the most up-to-date navigation map data. Over-the-air updates up to 4-times annually. Updates take place automatically as soon as the latest version of map data is available.</p> <p>Intelligent Voice Control. Off-board voice processing offers a functional extension of the intelligent voice assistant through server-based processing of speech input. Examples of the features include online-based points of interest for the navigation (e.g. Italian restaurant in the vicinity), the dictation function for messages and an improvement in the recognition of natural speech input. Benefits at a glance; Flexible input of addresses and points of interest, More up-to-date data for the speech-based search for addresses and points of interest, Improvement in voice recognition for the input of addresses and points of interest. Flexible dictation of text messages and e-mail (Smartphone dependant).</p> <p>BMW Intelligent Personal Assistant. BMW drivers and passengers will be joined by an intelligent, digital character that responds to the prompt "Hey BMW". Communicate in a new and easy way with your car using the BMW Intelligent Personal Assistant. It knows you, learns your behaviours to get better every day and helps out whatever the situation. It can explain everything about your car and help you get better acquainted with your BMW. You can even assign your own personal activation word.</p> <p>Remote Software Upgrade. With Remote Software Upgrade your BMW stays up-to-date and is future-proof. The Upgrades are downloaded via a smartphone with the Connected app and ideally a Wi-Fi connection (quicker and therefore recommended) or over the air directly into the car and provide security updates and functionality upgrades. The customers are always informed about the content of every Remote Software Upgrade as there are Release Notes displayed in the car and in the Connected App similar to an iOS upgrade.</p>	●	●	Std

Optional Equipment

BMW 8 Series Convertible

March 2019

Option Code		840d xDrive (FY22)	M850i xDrive (FY42)	Retail price (incl. VAT at 20%)
	<p>○ =optionally available ● =standard equipment - =not available</p> <p>Included Services are initially standard for three years subscription from production (unless stated) and can then be extended or renewed via a customer's ConnectedDrive portal and the ConnectedDrive store.</p> <p>Apple CarPlay (1 year Subscription). Apple CarPlay® Preparation enables an iPhone® to be used wirelessly, conveniently and safely via the user interface in the vehicle. Smartphone contents and functions such as music, iMessages/SMS, telephony, SIRI and selected third-party apps can thus be displayed and operated in the customary manner via the user interface in the vehicle. Subscription for Apple CarPlay valid for 1 year from production, can be extended thereafter on 1 year, 3 years or lifetime subscriptions.</p> <p>Concierge Services. Direct access to UK based call centre, 24 hours a day, 365 days per year. No Smartphone required within vehicle, calls made using in-built 4G SIM card. Access to telephone and industry directories, points of interest, opening times of cultural facilities, flight information, addresses of restaurants, hotels, emergency pharmacies, cash machines, golf courses etc. Navigation data can be transferred directly to the driver's navigation system, and/or sent as a message to the vehicles control display with additional relevant information when required, e.g. telephone numbers, email addresses.</p> <p>Connected Navigation. BMW Connected Navigation offers customers a unrivalled navigation experience on their off board touchpoints as well as a unique in car experience. Get proactive suggestions, based on your behaviour and share locations from other apps including Google and Apple maps.</p> <p>Connected Parking. Parking Place Assistant to give intelligent parking route guidance close to your final destination based on the current parking situation, offering car parks close to destination or on-street parking availability. On-Street Parking Information**, shows probability of finding a parking spot. Manage your favourite locations via BMW Connected app.</p> <p>Intelligent Functionalities. Smart Interior offers personalised, content based, and intelligent car related services in the vehicle and the Connected App. It automates vehicle functions to enhance the experience inside of the vehicle. Includes automate my habits service, where you can define your heating and cooling preferences. The vehicle then automatically adjusts the seat heating / ventilation settings to your liking. Also includes Weather Guard to warn the driver if the car is parked in adverse weather conditions via the BMW Connected App. This feature's deliverables is dependent on your vehicles capabilities and specification.</p> <p>Real-Time Traffic Information (RTTI). Displays real-time traffic information on motorways, roads and urban streets for the driver's current route and recommends potential diversions. Exact display of the traffic situation in real time, with updates being received every 3 minutes. Greater comfort and safety thanks to precise warnings of congestion and hazards (including Heavy Rain, Fog, Slippery Roads). Inclusion of traffic situation on recommended diversions.</p> <p>Remote Services. Open/lock doors, display of vehicle location on the map in vehicle finder, flash headlights. Remote 3D View*. Allows real time image to be taken of area surrounding vehicle environment. Access via smartphone app and can be retrieved on the smartphone as a 3D representation.</p> <p>Connected Teaser Package. Gives a 3 month trial period of the following services.</p> <p>In-Car Productivity (Microsoft Office 365)†. Turn your BMW into a mobile office and use time in your car to be even more productive. With Microsoft Office 365 and your existing Microsoft Office 365 Business account, you can work while on the move. Ability to dictate text and enter a recipient or select a name directly from your contacts lists. Features available include: - Receive Emails: read emails or have emails be read out to you - Send Emails: compose an email, reply to and reply to all, forward emails. The content can be dictated. - Access Calendar: see day view for meeting, read meeting details, send meeting destination to navigation system, contact meeting participants via email, and accept or decline a meeting request. - Address Book: access to your contacts from your address book. - Skype for Business: automated dial-in to Skype for Business conferences with one-click, manual typing in of conference ID not necessary, display meeting roster and see live mute status of participants.</p> <p>In-Car Experiences. Your BMW will take care of you. It invigorates you when you're tired, relaxes you after a stressful day and adapts your vehicle's interior to perfectly suit your mood. With In-Car Experiences, which include the Caring Car Programmes and Experiences Modes, your vehicle will make sure you feel your best. Activated manually or via in-car voice speech prompt. This feature's deliverables is dependent on your vehicles capabilities and specification.</p> <p>Connected Music. Connected Music offers you direct and unlimited access to more than 30 million music tracks. Utilisation of the service can be through one of two channels, Connected Music or BMW Music. For Connected Music, you can use the service to log-in with your existing music streaming premium account of one of our music partners (Currently Deezer or Napster). BMW Music utilises the option to access an in-vehicle music streaming service, direct to the vehicle, with music provided by our partner Napster.</p> <p><small>^Currently only available on vehicles fitted with 6U2. Service will follow on vehicles fitted with 6U3 via a Remote Software Upgrade within 2019. *Available on vehicles fitted with 5DN Parking Assistant Plus. **Currently available in Belfast, Birmingham, Bristol, Cardiff, Edinburgh, Glasgow, Leeds, Liverpool, London, Manchester, and Sheffield †Subscription to Microsoft Office 365 for Business Account required. Subscription cost not included. Service not available on email accounts running through a VPN connection. To use the full functionality of Skype integration customers need the subservice "Skype for Business", provided by Microsoft Office.</small></p>
